Dialogue with ESPE in Dublin

Zurich, 14th August 2014

Dear Doctor Chiarelli

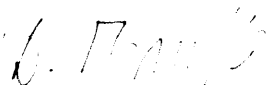

We met briefly last year in Milano outside the 9th Joint Meeting, where you kindly approached our peaceful vigil and offered the possibility of a direct dialogue during the forthcoming annual meeting of ESPE in Dublin.

We apologise for our rather short term planning this year, so that we can only now respond to your welcomed suggestion. However, we're now confirmed to be able to come to Dublin.

Therefore, on behalf of the human rights group Zwischengeschlecht.org, we would very much appreciate the possibility of having a direct dialogue, for example with your DSD working group and regarding our concerns voiced in our open letter, as well as on recent human rights developments, or with any delegation of ESPE and on any topics you see fit.

Looking forward to your reply,

Kind regards

Daniela Truffer, Markus Bauer / Founding members Zwischengeschlecht.org
